

"...BIRDY shines with its vocals and harmony, astute musicianship, and instrumentation and arrangements that produce -- as one listener described it -- a "somewhat mystical" sound. BIRDY is great and "Magic Days" is most highly recommended!

"...This magical group mesmerized me with their beautiful lyrics and harmonies. It's as if my favorite female folk singers from my youth joined this band, and now I am hooked forever. You must go see them live. Trust me on this one!"
