Let's play it forward. Together.

Become a Community Concert Partner by presenting an evening or afternoon concert to support your local food pantry, temporary housing provider or other non-profit organization.

The Music & Potlucks team has over forty years of collective volunteer and board service in the hunger and housing relief communities, and can assist with planning, promotion and the day-of-show performance.

Your event can include advance collection of non-perishable food items and toiletries, a dessert buffet or a full-out community potluck. Along with music, the program also allows time for conversation and important announcements.

"Great music, storytelling, conversation, laughs & some wonderful fundraising for the local community pantry..."

Chicago's official troubadour

Music & Potlucks' resident artist **Mark Dvorak** has a refreshing, down-to-earth presence and is a very engaging performer. He has given concerts in almost all of the United States and has made visits to Canada and parts of Europe.

Dvorak's concerts are a mix of the familiar and the new, with lots of storytelling, great guitar and banjo pickin', humor and plenty of audience participation. Find out more at

Let's work together this year to support our neighbors in need.

"A true community celebration! We loved watching the generations mingle & hearing voices singing out together..."
